Information Pack

Welcome

This guide provides everything you need to prepare for your adventure with Nkonzo Wildlife Research. From your arrival in George, South Africa, to the activities and experiences that await you, this document aims to answer your questions and ensure a smooth, enjoyable trip. If you have any further inquiries, please email us at info@wildlife-research.com or visit our website.

Day 1: Arrival Day/Orientation

Upon landing at George (GRJ) Airport, you'll be warmly greeted and transported to your cozy accommodation. Start the week with a friendly meet-and-greet session where you'll get to know your hosts and fellow adventurers. We'll dive into an itinerary briefing, unveiling the exciting schedule and goals for the week.

Get acclimated to your new environment and familiarize yourself with the itinerary. Enjoy a welcome dinner featuring local cuisine, offering a taste of South African flavors. Following dinner, an engaging introductory session will outline the program's objectives and what's ahead. Wrap up the day with an interactive Q&A session to address any questions about the schedule and logistics.

Day 2: Conservation Workshop / Beach Cleanup

Begin the day with an educational session on rhino conservation, exploring the challenges and efforts to protect these magnificent creatures. Gain practical skills to become an advocate for rhino protection.

After lunch, participate in a rewarding beach cleanup, contributing directly to environmental preservation. Enjoy some relaxing beach activities, such as swimming or beach games, while championing environmental stewardship and strengthening team spirit.

Day 3: Hike

Embark on an exhilarating guided hike through stunning trails. Experience diverse flora and fauna, panoramic views, and the raw beauty of mountains and valleys. Embrace physical challenges and natural splendor, fostering unity and camaraderie among participants.

Day 4: Game Drive and Lunch

Start with a thrilling morning game drive, spotting majestic wildlife like elephants, lions, and giraffes up close. Capture unforgettable moments and enjoy traditional South African cuisine at the reserve's restaurant. Deepen your understanding of wildlife conservation and enjoy a cultural feast that connects you to local traditions.

Day 5: Wilderness Hike

Take a guided hike through lush forests, rivers, and serene lagoons on the Half Collared Kingfisher Trail. Delight in birdwatching, with opportunities to spot the elusive Half-Collared Kingfisher. Discover hidden waterfalls and the park's rich biodiversity, engaging in eco-friendly tourism.

Day 6: Cango Caves

Explore the mesmerizing limestone caves on a guided tour. Marvel at stunning stalactites, stalagmites, and vast caverns. Gain insights into geological wonders and the unique ecosystems within the caves.

Day 7: Seal Island/Diaz Museum

Set sail on a boat trip to Seal Island to witness vibrant colonies of seals. Enjoy marine wildlife viewing and capture photographs of playful seals. Follow this with a visit to the Diaz Museum, exploring the era of Bartolomeu Dias and maritime exploration through a full-scale replica of his ship and historical artifacts.

Day 8: Point of Human Origin Walk

Embark on a guided archaeological walk, uncovering the story of early human history and ancient cave sites. View ancient fossils and artifacts that offer insight into early human life. Gain a deeper understanding of archaeology and human heritage.

Day 9: Horse Ride and Train Ride

Start the day with a scenic horse ride through beautiful landscapes, experiencing nature from a unique perspective. After lunch, embark on a train ride from Hartenbos, passing attractions such as Great Brak River, Glentana, and Maalgate. Enjoy views over the Indian Ocean, river estuaries, and the Cape Floral Kingdom.

Day 10: Departure

Bid farewell to an unforgettable journey as you are transferred to George (GRJ) Airport for your departure.

Price:

12 PAX Minimum: 1949 Euro per person
