

# ODYSSEY

DESTINATION. ANYWHERE.

## Rhino Conservation & Kruger National Park

Duration: 8 Days / 7 Nights  
(Minimum 10 participants, Maximum 20)

### Why Choose This Tour?

- ✓ Unique Conservation Focus - Gain exclusive, hands-on access to the world's largest orphaned rhino sanctuary during your first 4 nights
  - ✓ Immersive Wildlife Encounters - Enjoy private safaris, guided bush walks, night drives, and intimate wildlife tracking in Kruger National Park
  - ✓ Expert Conservation Experience - Work side-by-side with leading conservation experts on real-world projects, from rhino care to advanced field data collection
  - ✓ Cultural & Community Enrichment - Engage with local communities, learn reserve management, and explore South Africa's rich heritage
  - ✓ Eco-Conscious Travel - Support sustainable tourism initiatives and cutting-edge conservation practices
-

## Itinerary

### Day 1: Arrival & Orientation at the Rhino Sanctuary

- Arrive at KMIA airport and transfer to your eco-friendly accommodation at the exclusive Rhino Sanctuary.
- Join your expert guides and fellow conservation enthusiasts for an orientation session outlining the sanctuary's conservation goals and the hands-on experiences planned for your stay.
- Enjoy a welcome dinner featuring local dishes, setting the stage for an immersive conservation journey.

### Day 2: Hands-On Rhino Sanctuary Experience

- Experience a rare, behind-the-scenes tour of the orphaned rhino sanctuary.
- Assist with morning routines such as milk preparation, bottle-feeding, and basic husbandry for the orphaned rhinos (with limited, essential contact).
- Participate in observational sessions and interactive workshops led by conservation experts focused on animal behavior and health monitoring.

### Day 3: Field Data Collection & Conservation Training

- Engage in vital fieldwork: use cutting-edge tools like EarthRanger and Cybertracker to record and monitor released rhinos and track new calf births.
- Attend a workshop on the realities of the rhino poaching crisis and explore the conservation strategies employed to combat it.
- Share insights during a group debrief and enjoy a light field lunch in the sanctuary's natural surroundings.

### Day 4: Rhino Sanctuary Conservation Workshop & Community Engagement

- Participate in advanced conservation exercises, including reserve management and community upliftment initiatives.
- Enjoy an interactive session with conservation leaders, discussing both the challenges and successes of wildlife rehabilitation efforts.
- Conclude your stay at the sanctuary with a reflective group dinner that celebrates your contributions over the past days.

### Day 5: Transfer to Kruger National Park & Eco Tourism Introduction

- After breakfast, transfer from the Rhino Sanctuary to Kruger National Park.
- Check into your eco-friendly accommodation in Kruger, where you'll spend the next 4 nights immersed in the wild.
- In the afternoon, set out on an introductory safari to witness the iconic African landscapes and wildlife.
- Return for a relaxed dinner under the expansive African sky.

### Day 6: Full-Day Safari Adventure in Kruger

- Rise early for a full-day private safari, exploring diverse ecosystems and seeking out the Big Five along with other majestic wildlife such as elephants, giraffes, and zebras.
- Pause for a scenic bush picnic and gain insights into the intricacies of wildlife tracking and habitat conservation from your expert guide.
- Conclude with a traditional braai dinner in the heart of the park.
- Cap off the day with a stargazing session, marveling at the clear, unpolluted African skies.

### Day 7: Guided Bush Walk, Game Drive & Stargazing

- Venture on a guided bush walk to explore Kruger's rich flora and fauna up-close, learning about the delicate balance of its ecosystems.
- Participate in an interactive discussion on ethical wildlife tourism and the ongoing efforts to conserve this unique ecosystem.
- Savor a reflective bush picnic lunch and a farewell group dinner that celebrates the unforgettable experiences shared during your journey.

### Day 8: Farewell & Departure

- Relish a hearty farewell breakfast in the serene South African wilderness while sharing final reflections on your conservation adventure.
- Transfer to KMA airport for your departure, carrying unforgettable memories and a profound commitment to wildlife conservation.

---
