Maldives Experience

Embark on a transformative journey to the Maldives, where nature, culture, and ethical travel converge! This trip isn't just about visiting an exotic location—it's about deeply connecting with the biodiversity and local culture of this tropical paradise, while learning to travel responsibly.

We will guide you through our home, the local island of Dhigurah, showing you its hidden gems both on land and in the water. With our backgrounds as Biologists and professional divers, we will lead snorkeling and diving activities, teaching you about the fragile coral reefs and the marine life they support.

Thanks to our close ties with the local community, you'll experience Maldivian culture first-hand—learning about their traditions, history, and way of life.

Join us for an unforgettable adventure where you'll gain a deeper understanding of the environment and the importance of preserving it.

What's Included:

- 7 nights accommodation with full board
- All activities (Snorkeling/Diving equipment rental included based on package)
- Biologist guide and local/diving instructors (Spanish-speaking)
